If you believe this bill includes unauthorized charges, you should contact us to dispute the charges. If not satisfied with our review, you may file a complaint with the Public Utility Commission of Texas (PUCT) at PO Box 13326, Austin, Texas, 78711-3326. PUCT phone number: Local (512) 936-7120, Toll-free in Texas (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136 or toll-free at 1-800-735-2988.

We are proud to offer a customer assistance program which provides assistance to customers who are experiencing a hardship and need assistance paying their energy bills. This program is funded by customer contributions. If you wish to make a contribution, please contact one of our Customer Care associates.

Hurricane Preparedness

Hurricane Season is June 1 - Nov. 30

Preparedness Checklist:

- **Make an Evacuation Plan.** Find activated evacuation routes here: DriveTexas.org or by dialing (800) 452-9292. Call **2-1-1** to find out if you live in an evacuation zone.
- **Sign-Up for Emergency Alerts.** Make sure your device is enabled to receive Wireless Emergency Alerts (WEAs).
- **Prepare an Emergency Supply Kit.** Learn how to build an emergency kit here: <https://www.ready.gov/build-a-kit>
- **Review Your Home Insurance Policy.**
- **Register with State of Texas Emergency Assistance Registry (STEAR):** <https://STEAR.tdem.texas.gov/> or by dialing **2-1-1** if you live in evacuation zone and:
 - have a disability or medical needs and do not have a car or other vehicle to use in an evacuation.
 - have a disability or medical needs and do not have friends or family to help in an evacuation.

****STEAR Registry information collected is confidential****

PUCT-required notice: Involuntary load shedding: If there's a situation where there's not enough electricity supply to meet customer demand (load), the Electric Reliability Council of Texas (ERCOT) may instruct your Transmission and Distribution Service Provider (TDSP) company to implement temporary service interruptions. This is done to help protect the electric grid and is known as **involuntary load shedding**, and it will be conducted based on the TDSP's procedures. For more information and to learn how you can help conserve energy, visit discountpowertx.com/loadshed.

Notice: Certain customers may be eligible to apply for the following designations based on their medical status or the nature of the business:

- Critical care residential customer: A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as being dependent upon an electric-powered medical device to sustain life.
- Chronic condition residential customer: A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as having a serious medical condition that requires an electric-powered medical device or electric heating or cooling to prevent the impairment of a major life function through a significant deterioration or exacerbation of the person's medical condition.
- Critical load public safety customer: A non-residential customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.
- Critical load industrial customer: An industrial customer for whom an interruption or suspension of electric service would create a dangerous or life-threatening condition on the retail customer's premises.

You can apply for the applicable designation, which affords certain protections. Please contact Discount Power for more information. Critical care residential customer and chronic condition residential customer designations require an application your physician completes and submits to your Transmission and Distribution Service Provider (TDSP) on your behalf. Critical load public safety customer and critical load industrial customer designations require you to complete an application with your TDSP.
